OPTIMA

by TalenTeam

A Fast-Track Cost Effective Solution for Managing Talent

Why OPTIMA?

Organisations of all sizes are increasingly acknowledging the need for a cloud-based solution that centralises and manages each element of the employee lifecycle. They want to:

- Engage and develop their people and reduce high employee turnover
- Encourage the right behaviours and increase skills and knowledge
- Ensure compliance
- Streamline HR processes

Organisations also want a product that is secure, low maintenance and easy to access, with a solution that is short, quick and cost effective. Leaders want the confidence to know that, once implemented, the solution will be effective, meet their business needs and ensure a quick ROI.

Who needs OPTIMA?

Organisations who need a fast, effective solution with reduced time to value.

What is OPTIMA?

Optima is a rapid deployment solution delivering SuccessFactors, SAP's leading HR technology from start to go-live in 10 weeks*. Based on 15 years experience in SuccessFactors implementation and industry best-practice, organsations benefit from a defined scope and a fixed price.

*Subject to scope

How do clients benefit from OPTIMA by TalenTeam?

Optima is designed to help clients access HR technology that:
- Removes complexity and minimises effort
- Accelerates project implementation time, meaning faster ROI
- Reduces capital investment
- Creates an engaged and motivated workforce

OPTIMA by TalenTeam ALSO includes:

- An Optima Rapid Deployment kicks off always with a focus on client outcomes
- Online training and knowledge base available early on in the process, accessed 'anytime, anywhere'
- Solution walk-through shows the client how their day-to-day processes will be more streamlined and efficient
- Clients have the reassurance that they are following industry good practice
- Face-to-face training enables clients' administrator to handle the system and its configurations
- 2 week support continues beyond go-live

Businesses who implement SuccessFactors with Optima by TalenTeam will have the confidence they will get the best out of their investment in a system that will accelerate results and grow with them.
